A. Overview of Information Collection

Title of Information Collection: Public Housing Agency Executive Compensation Information.

OMB Approved Number: 2577-0272.

Type of Request: Revision of currently approved collection.

Form Number: HUD-52725.

Description of the need for the information and proposed use: Pursuant to a notice issued annually (most recently PIH Notice 2017-11), HUD collects information on the compensation provided by public housing agencies (PHAs) to its employees. More specifically, under this collection PHAs are to report the compensation paid to the top management official, the top financial official, and all employees who are paid an annual salary over the compensation cap imposed by Congress in HUD's annual appropriations (Level IV of the Executive Schedule). This reporting is similar to the information that non-profit organizations receiving federal tax exemptions are required to report to the IRS annually. Because PHAs receive significant direct federal funds HUD has been collecting compensation information to enhance regulatory oversight by HUD, as well as

by state and local authorities. HUD provides the information collected to the public. The compensation data collected includes base salary, bonus, and incentive and other compensation, and the extent to which these payments are made with any Section 8 and 9 appropriated funds.

Respondents (i.e. affected public): Public Housing Agencies.

Estimated Number of Respondents: Approximately 4000.

Estimated Number of Responses: Approximately 4000.

Frequency of Response: Annual.

Average Hours per Response: 30 minutes.

Total Estimated Annual Burden and Cost: Total burden hours is estimated to be 2000 hours annually. The total burden cost is estimated to be \$46,280.

- (2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

- (4) Ways to minimize the burden of the collection of information on those who are to respond: including through the use of appropriate automated collection techniques or
